

AIM HIGHER - EDUCATION IS YOUR RIGHT

Unlock your Potential Today, no High School Completion Necessary!

Do you want to make the most of your time and broaden your opportunities? Act NOW and enrol in one of the nominated universities to receive education which will improve your quality of life and facilitate rehabilitation. Research proves that studying whilst in locked hospitals improves employment prospects and improves wellbeing. Due to COVID-19 and the lack of international students, there is an even greater chance for you to become a student in 2021 but you must act urgently as enrolment deadlines are near! Contact a university with your enrolment choice now.

Concerned about student fees? You are entitled to the Higher Education Contribution Scheme (HECS) and the Higher Education Loan Program (HELP) - a loan provided by the government which is repaid if/when your income reaches a certain level. To apply, you will need a tax file number (TFN) and a request form, which you can receive when you contact the university provider. You will need either some primary ID (such as a birth certificate or passport), a letter (on hospital department letterhead) signed by a hospital officer containing your name, DOB and address, or a certified copy of your ID. If you have lost your existing TFN number call 13 28 61.

Apply to one of the universities below. All are available in all states and territories. There are many courses to choose from. Here are some that might suit you:
